ASSIST EASY RED | READ LABEL CAREFULLY BEFORE USING

This product must not be used for any purpose, or in any manner, contrary to the label unless authorised under appropriate legislation.

HAZARD STATEMENTS

TOXICITY

Harmful – Harmful if swallowed. May cause organ damage from repeat oral exposure at high doses. Causes serious eye irritation, avoid contact with the skin and eyes.

ECOTOXICITY

May cause long lasting harmful effects to aquatic life. Avoid contamination of any water supply with product or empty container.
Harmful to the soil environment.
Harmful to terrestrial vertebrates.

HANDLING PRECAUTIONS

STORAGE

Keep out of reach of children.
Store in accordance with NZS 8409 Management of Agrichemicals.
Store in original container tightly closed in a locked, dry, cool, well ventilated area away from foodstuffs, fertilisers and seeds.
Stores containing 1000L of ASSIST EASY RED are subject to signage and secondary containment. More than 1000L require emergency response plans.

PERSONAL PROTECTION

Avoid contact with skin, eyes and do not inhale spray mist.
When mixing and applying wear protective clothing such as impervious gloves, eye protection, overalls and boots.
Wash splashes of concentrate from skin and eyes immediately.
Remove protective clothing and wash hands and face thoroughly before meals and after work. Do not eat, drink or smoke while using.

EQUIPMENT

Apply using well maintained and accurately calibrated equipment. Flush equipment thoroughly with clean water after use.

RECORD KEEPING

Records of use as described in NZS 8409 Management of Agrichemicals must be kept.

DISPOSAL

Triple rinse container and add rinsate to spray tank. Triple rinsed containers containing the Agrecovery logo on the label and that are free of all residues and have an intact legible label may be taken to an Agrecovery collection site for disposal. Otherwise crush or puncture and bury in an approved landfill. Do not burn container. Do not use container for any other purpose. Dispose of product only by using according to label directions or dispose of safely at a managed landfill.

FIRST AID

If medical advice is needed, have product container or label at hand. If swallowed, rinse mouth. DO NOT induce vomiting. If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water. If skin irritation occurs: Get medical advice/attention. If contact with eyes occurs, wash out immediately with running water for 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. For advice, contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor if you feel unwell.

SPILLAGE

In case of spillage, wear appropriate protective clothing and prevent material from entering waterways. Exclude non-essential people from the area. Contain liquid spills and absorb with inert material such as soil or sand and place in waste containers. Wash area with water and absorb with further inert material. Dispose of waste safely in an approved landfill.

EMERGENCY RESPONSE

In transport emergency call 111, Police or Fire Brigade. For 24hr specialist advice in an emergency only call **0800 CHEMCALL (0800 243 622)**.

SAFETY DATA SHEET

If additional safety information is required, refer to the Safety Data Sheet. For a copy contact the customer centre on 0800 100 123.

TRANSPORT

Do not carry ASSIST EASY RED on a passenger service vehicle.

SHELF LIFE

When stored appropriately this product should show no significant degradation for two years from the date of manufacture. Contact your supplier for further information about the use of any product that is older than this.

GENERAL DIRECTIONS

ASSIST EASY RED is a spray marker dye for adding to spray solutions for easier identification of treated areas to avoid unnecessary overlapping and help prevent missed areas. Wash out spray equipment thoroughly after use. If product residue is left in equipment, colouration of subsequent sprays can be expected.

DO NOT allow concentrate, solution or spray drift to come into contact with desirable surfaces such as motor vehicle paint work.

RATE OF USE

Use the higher rate if more intense colour marking is required. If terrain is difficult to mark or a greater density of colour is required increase the concentration of ASSIST EASY RED in the spray solution. Experimentation for individual users will establish an economic rate for application.

KNAPSACK

5-10ml per 10L water.

HAND GUN or BOOM SPRAYING

50-100ml per 100L water.

MIXING

Add ASSIST EASY RED to water in the spray tank first, agitate or mix thoroughly before adding any other product.

COMPATIBILITY

Under most circumstances ASSIST EASY RED is compatible with most pesticides including brush weed herbicides. Several factors can affect this and therefore it is recommended that on site compatibility tests are carried out prior to using this product.

WARRANTY AND LIMITATION

IMPORTANT: Read this notice before opening the container.

The registrant warrants that when packed the active ingredient of this product is as specified on this label within accepted analytical tolerances. The registrant gives only those other warranties that are required by law in relation to this product and limits its liability to the cost paid by the claimant for the product. The registrant declines all liability for damage resulting from the handling, storage or use of this product. The user bears the risk from the handling, storage or use of this product. The registrant is not liable for any use of this product which is contrary to the label directions given or any Act or Regulation.

Approved pursuant to the HSNO Act 1996, Code: HSRO02503.
