COLLABORATE | READ LABEL CAREFULLY BEFORE USING

This product must not be used for any purpose, or in any manner, contrary to the label unless authorised under appropriate legislation.

HAZARD STATEMENTS

ΤΟΧΙCITY

Harmful - May be fatal if swallowed and enters airways. Causes serious eye irritation

ECOTOXICITY

Hazardous to terrestrial vertebrates. Avoid uncontrolled release to the environment

HANDLING PRECAUTIONS

STORAGE

Keep out of reach of children.

Store in accordance with NZS 8409 Management of Agrichemicals.

Store in original container tightly closed in a locked, dry, cool, well ventilated area away from foodstuffs, fertilisers and seeds.

Stores containing 100L of COLLABORATE are subject to signage and secondary containment.

PERSONAL PROTECTION

Avoid contact with skin, eyes and inhalation of spray mist.

When handling wear protective clothing such as waterproof gloves, eye protection, overalls and boots.

Wash splashes of concentrate from skin and eyes immediately. Remove protective clothing and wash hands and face thoroughly before meals and

after work

Do not eat, drink or smoke while using.

EQUIPMENT

Apply using well maintained and accurately calibrated equipment. Flush equipment thoroughly with clean water after use.

RECORD KEEPING

Records of use as described in NZS 8409 Management of Agrichemicals must be kept.

DISPOSAL

Triple rinse container and add rinsate to spray tank. Triple rinsed containers containing the Agrecovery logo on the label and that are free of all residues and have an intact legible label may be taken to an Agrecovery collection site for disposal. Otherwise crush or puncture and bury in an approved landfill. Do not burn container. Do not use container for any other purpose. Dispose of product only by using according to label directions or dispose of safely at a managed landfill.

FIRST AID

If medical advice is needed, have product container or label at hand. If swallowed DO NOT induce vomiting. Contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor immediately. If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water. If skin irritation occurs: Get medical advice. If splashed in eyes, wash out immediately with water. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention. If inhaled, move the patient to fresh air immediately. Begin artificial respiration if breathing has stopped. For advice, contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor if you feel unwell.

SPILLAGE

In case of spillage, wear appropriate protective clothing and prevent material from entering waterways. Exclude non-essential people from the area. Contain liquid spills and absorb with inert material such as soil or sand and place in waste containers. Wash area with water and absorb with further inert material. Dispose of waste safely in an approved landfill.

EMERGENCY RESPONSE

In transport emergency call 111, Police or Fire Brigade. For 24hr specialist advice in an emergency only call 0800 CHEMCALL (0800 243 622).

SAFETY DATA SHEET

If additional safety information is required, refer to the Safety Data Sheet. For a copy contact the customer centre on 0800 100 123.

SHELF LIFE

When stored appropriately this product should show no significant degradation for two years from the date of manufacture. Contact your supplier for further information about the use of any product that is older than this.

DIRECTIONS FOR USE

Before opening, carefully read warning statement, precautions instructions, first aid instructions and directions for use.

NOTE: COLLABORATE is an adjuvant used to improve the efficacy of the pesticide it is mixed with. ALWAYS follow the directions for use as recommended on the pesticide label. Specific uses and restrictions on the pesticide label, has precedence over directions for use contained on this label.

RATE OF LISE

Read the pesticide label before use. Follow directions for use, rates and label recommendations on the pesticide label. Rates below are for guidance only. Care should be taken during periods of high temperature, light intensity and humidity as crop damage may occur

For Use with Fungicides:

For Use with Insecticides: For Use with Herbicides:

Pre-emergence: Selective Grass Herbicides: Selective Broadleaf Weed Herbicides: 1-1.5L per hectare

0.5-1L per hectare 0.5-1L per hectare

0.5-2L per hectare 0.5-4L per hectare

MIXING

Mix the required quantity of pesticide in to a partly filled spray tank while maintaining constant agitation. Continue to fill tank with water and add required amount of COLLABORATE, ensuring constant agitation is maintained.

COMPATIBILITY

COLLABORATE should not be used within 10-14 days of captan, chlorthalonil, or sulphur sprays.

DO NOT mix with dinocap, lime sulphur or carbaryl.

WARRANTY AND LIMITATION

IMPORTANT: Read this notice before opening the container.

The registrant warrants that when packed the active ingredient of this product is as specified on this label within accepted analytical tolerances. The registrant gives only those other warranties that are required by law in relation to this product and limits its liability to the cost paid by the claimant for the product. The registrant declines all liability for damage resulting from the handling, storage or use of this product. The user bears the risk from the handling, storage or use of this product. The registrant is not liable for any use of this product which is contrary to the label directions given or any Act or Regulation.

Approved pursuant to the HSNO Act 1996, Code: HSR002503 See www.epa.govt.nz for approval controls.
