

CROPMASTER DAP

BATCH NUMBER:

BAGGING DATE:

Read label carefully and obtain special instructions before use. Do not handle until all safety precautions have been read and understood.

PRODUCT DESCRIPTION

Cropmaster DAP is a cost-effective compound fertiliser providing readily available nitrogen & phosphate. Can be used as an alternative source of phosphate if soil sulphate levels are high or sulphur is not required.

DIRECTIONS FOR USE

Rate of use: 20-35 grams/square metre recommended throughout the year with applications every 3 months for each successive crop grown. Water into soil after application. Avoid fertiliser contacting paths, hard surfaces and driveways as the fertiliser may stain or discolour these surfaces.

COMPONENTS

Nitrogen (N): 17.6%. Phosphorus (P): 20.0%. Potassium (K): 0.0%. Sulphur (S): 1.0%. Magnesium (Mg): 0.0%. Calcium (Ca): 0.0%.

CONTAINS

Diammonium hydrogen phosphate: 100%

HANDLING PRECUATIONS AND STORAGE

HANDLING

Keep out of reach of children. Avoid generating dust. Use only outdoors or in well-ventilated areas. Do not breathe dust. Do not eat, drink or smoke while using this product. Wash hands thoroughly after handling. Avoid unintended release into the environment. Use personal protective equipment such as close-fitting safety glasses to prevent dust getting into eyes, and protective clothing and gloves for skin protection. If additional safety information is required, refer to the Safety Data Sheet (SDS). For a copy of the SDS phone 0800 100 123.

STORAGE

Store in a cool, dry area away from oxidising agents and foodstuffs.

WARNINGS AND FIRST AID MEASURES

TOXICITY DATA

HSNO Class: *Note: acute toxicity Category 5 has not been adopted; skin irritation Category 2; eye irritation Category 2 Note: the subcategories 2A and 2B has not been adopted.*

LD50 (oral, rat) 3,000 mg/kg

Overall Low Toxicity, no adverse health effects expected under normal conditions.

ECOLOGICAL INFORMATION

HSNO Classes: hazardous to the aquatic environment chronic Category 4 *Note: hazardous to the aquatic environment acute Category 2 and acute Category 3 have not been adopted.*

Avoid unintended release into streams and waterways.

IF IN EYES

Flush with plenty of water for several minutes, holding eyelids open if necessary. Remove contact lenses if present and easy to do. Continue rinsing for at least 15 minutes. Seek medical advice.

IF ON SKIN

Remove contaminated clothing then wash affected area thoroughly with soap and water.

IF INGESTED

Never give anything by mouth to an unconscious person. If swallowed rinse mouth but DO NOT induce vomiting. For advice, contact the National Poisons Centre. Seek medical assistance immediately.

IF INHALED

Remove patient to fresh air. Keep at rest in comfortable position for breathing. Seek medical assistance if needed.

For advice, or if you feel unwell, contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor immediately. If medical advice is needed, have product container or label at hand.
